<p>(1) For households at 100 percent of Federal Poverty Guidelines (FPG) with more than 8 persons, add \$4,720 for each additional member. The table shows the calculations for the FPG optional use in Federal Fiscal Year (FFY) 2022 and mandatory use in FFY 2023. From annual update of HHS Federal Poverty Guidelines dated January 18, 2022. The amount of the household's LIHEAP award is determined by the household's FPL and fuel type.</p>							
<p>(2) Households are income-eligible for LIHEAP when the household's gross income is equal to or less than 60% State Median Income (SMI) for their household size. This is for mandatory use starting from October 1, 2022. Guidelines may be restricted based on available funding.</p>
